Old Cathedral Cemeteries

Dear Mr. McCabe:

The only information on record for the above captioned interment is Section T. No other information is available.

It is my understanding that this is a Section of the cemetery where burial space was provided to families who for some reason could not provide the burial space. Deeds were not issued and these graves could not be marked.

If you visit the cemetery, this Section could be shown to you.

I am sorry I could not be more helpful to you.

Sincerely,

Veronica T. Johnston
Assistant Director
